DELLTechnologies

Modern solutions to scale growth

Client Deployment Services

Dell Client Command Suite benefits

Deploy and configure

Speed, quality and customization

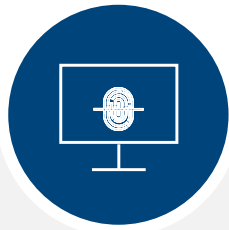

Enables **easy** operating system deployments

Configure 150+ BIOS settings

Eliminates manual handling of each system

Monitor

Extensive data collection

Line of sight of health state of entire fleet

Proactive vs reactive response

Strategically plan updates and refreshes

Update

Custom and controlled updates

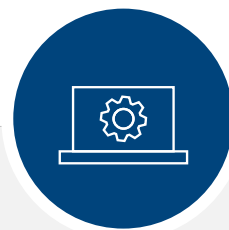

Enable configuration specific updates

Orchestrate, schedule and deliver updates **seamlessly**

Ensure device security with **real time updates**

Integrate

Seamlessly integrated

Standalone solution or the flexibility to complement existing management capabilities

Simple integration with SCCM and Workspace ONE

ProSupport Client Suite

	Base Warranty	ProSupport	ProSupport Plus
Technical support through phone, chat and online	Business hours	24x7	24x7
Hardware repair service delivery ¹	Onsite	Onsite	Onsite
Self-service case management and parts dispatch through TechDirect	✓	✓	✓
Direct access to in-region ProSupport engineers		✓	Priority Access
Single resource for software and hardware expertise		✓	✓
Command center monitoring and crisis management		✓	✓
Software support with collaborative 3 rd party assistance		✓	✓
Case Management API for helpdesk integration		✓	✓
Automated issue detection, notification and case creation by SupportAssist ²		✓	✓
Predictive issue detection for failure prevention by SupportAssist ²			✓
Accidental damage repair for drops, spills and surges			✓
Retention of hard drive after replacement ³			✓
Dedicated Technical Account Manager ⁴			✓
Monthly support history and contract reporting ⁴			✓

¹ Onsite not available on some Venue ,Chromebook and Rugged Latitude products

² SupportAssist only available on Windows based products; predictive technology available on hard drives and batteries

³ Hard drive retention not available on Chromebook or Venue tablets except the Venue 11 Pro

⁴ Available for customers with 500 or more ProSupport Plus Systems

DELL OPTIMIZER

We make it intelligent. You make it yours.

Take personalized PC performance to the next level with Dell Optimizer – a built-in, AI-based optimization software that learns and responds to the way you work.

Because intelligence is in our DNA.

Dell.com/Optimizer

Intelligent Privacy

Keeps sensitive data private by texturizing and turning on SafeScreen when an onlooker is detected and dims the PC when you look away.

ExpressSign-in

Wakes your system when you approach and locks it when you step away.

ExpressConnect

Automatically connects you to the best network and delivers unmatched connectivity with the world's first simultaneous multi-network connection.*

ExpressResponse

Seamlessly optimizes and improves app performance based on the task at hand.

Intelligent Audio

Automatically senses your surroundings and enhances the conferencing experience by reducing background noise for both you and other participants.

ExpressCharge

Improves battery performance and extends runtime for uninterrupted productivity.

Analytics (Precision Only)

Generates end-user reports and analyze your system for personalized insights.

*Disclaimer: Simultaneous multi-network connection (or Connection based teaming) is a new connectivity feature under ExpressConnect. It simultaneously sends and receives data and video traffic using two or more wired or wireless connections. Based on Dell internal analysis.

Where we lead in sustainable innovation

Products

Our innovations in sustainable design and materials are industry leading.

Design

Materials

(recycled/renewable/closed-loop)

Ecolabels

Take back and recycling

Energy use

Product Carbon Footprint (PCF)

Packaging

Ocean-bound plastics and other initiatives make our packaging environmentally friendly and will help us reach our 2030 goals.

Design

Materials

(recycled/renewable)

Multipack solutions

Supply chain

Dell Technologies has the scale and responsibility to drive the highest standards.

Quality of life for our employees and those making our products

Supply chain innovation

Ethics and leadership
